DURBAN GATEWAY TERMINAL (DGT): LAUNCH OF DAILY OPERATIONAL INFORMATION ON THE NEW DGT WEBSITE

Dear Valued Customer,

We are pleased to inform you of the launch of the new feature on our DGT website, which will go live on **Tuesday, 30 June 2026**. This new platform will replace the current site where the daily operational information has been published on the Transnet website.

The daily operational information for DGT can be accessed at:

<https://dgt.ictsi.com/terminalupdates>

We recommend that all users begin migrating to the new platform from **Wednesday, 1 July 2026**, where the berthing plans and all information relating to the vessel stacks and container availability will only be made available regularly by the planning and communications teams.

Please note the following important transition details:

- **From Wednesday, 1 July 2026, daily updates and customer communication will no longer be published on the Transnet website**
- **All future updates and information will be available exclusively on the DGT website**

<https://dgt.ictsi.com/terminalupdates>

We encourage you to familiarise yourselves with the new platform ahead of this date to ensure a smooth transition.

Should you have any questions or require assistance, please do not hesitate to contact us.

Thank you for your continued support.

Yours sincerely,

Grant Bahlmann

Chief Commercial Officer
